

## 2012 Graduating Student Survey

As a student who may be graduating this Spring, please take a few minutes to complete this survey and tell us how well your university has helped you reach your educational goals. This survey is being completed by graduating students at a number of Canadian universities so that we may learn more about our students and their experience at university. If you cannot finish the survey in one sitting, you can close the survey and return to it using the link in the email we sent you. It will return you to the last page that you were on. Even if you are not planning to graduate this spring, please take the time to complete this survey. All of your responses are confidential.
